Tools

# 1. KODEZI AI

- Developer code assistant
- Eliminates bugs, typos etc...

The screenshot shows the Kodezi website homepage. At the top, there's a banner with a purple gradient background and white text: "Kodezi Visual Studio Code Extension is now available! Download [here!](#)". Below the banner, the Kodezi logo is on the left, followed by navigation links: Use Cases, Integrations, Pricing, Docs, Community, Careers, and a prominent "Sign Up" button. The main headline "You Code, Kodezi Auto-Corrects" is displayed in large, bold, white font. Below it, a subtext reads "Let Kodezi auto debug your code in seconds. Kodezi is Grammarly for programmers." A "Use Kodezi" button is centered below the subtext. At the bottom, there's a snippet of VS Code showing Kodezi's extension in action, with a "PRODUCT HUNT #1 Product of the Month" badge. The footer contains links for Read Code Privacy and a Kodezi GitHub repository.

# 2. MATEAI

- Create compelling copy and design for your email campaigns quickly and easily.

The screenshot shows the MateAI website homepage. At the top left is the logo "MateAI". To the right are "Login" and "Try for free" buttons. The main headline reads "Generate **Copy** and **Design** for your email campaigns, faster." Below it, text says "Available in **English**, **Italian** and **5** other languages." A large blue "Try for free →" button is centered. Below it, a smaller text says "No credit card required." At the bottom, there's a "FEATURED ON Product Hunt 120" badge.

# 5. PREDISAI

- Take the guesswork out of content creation
- Automate & quickly create quality posts

The screenshot shows the Predis.ai Content Library interface. At the top, there's a navigation bar with the Predis.ai logo, a search bar, and links for "Use Cases", "Solutions", "Features", "Free AI Tools", "Pricing", "Login", and "Try For Free!". The main heading reads "ChatGPT + Canva + Hootsuite = Predis.ai!" in large, bold, dark text. Below it, a subtext says "AI-Generate and Share Videos, Carousels, Single Image Posts in your brand language." A central form asks "What do you want to create today?" with options like "Idea", "Business", "E-Commerce", "Quotes", "Special Day", and "Manual". It also has a text input for "Any Topic Brewing in your mind?", a "Write an idea for a Post" input with placeholder "Mo", and dropdowns for "Input language" (set to English) and "Output language" (set to English). At the bottom, there are buttons for "Choose Media Source" (with "Copyright free stock (AI-suggested)" selected), "My Uploads", and "What do you want to generate?" (with "Single Image" selected). The background of the slide features a dark blue gradient with faint white grid lines.

# 6. SPELLBOOK

- Draft contracts in minutes
- Legal assistant for busy lawyers and entrepreneurs

The image shows a screenshot of the Spellbook website and a Microsoft Word document. The website header includes the logo, navigation links (Home, Blog, Support, FAQs, Careers, Contact), and a 'Get Early Access' button. The main headline reads 'Draft contracts 3x faster with AI'. Below it, a subtext states: 'Spellbook uses GPT-4 and other large language models to review and suggest terms for your contracts, right in Microsoft Word.' A call-to-action button says 'Be the first to draft with AI →'. At the bottom, a Microsoft Word window shows a document with the Spellbook ribbon tab selected, displaying 'Spells', 'Insights', and 'Draft' options.

# 7. TYPEGENIE

- Autocomplete customer service tool

The screenshot shows the homepage of TypeGenie. At the top, there's a navigation bar with links for Features, Pricing, Blog, and a green 'Get started' button. Below the header, a large blue banner features the TypeGenie logo and a sub-headline: 'Fast-forward your customer service.' A testimonial box contains a message from a customer about receiving a refund after an item was damaged during shipping. At the bottom, it says 'Trusted by world's best customer service teams' with logos for Riot Games, Freshly, The O2 arena, Telecom Italia, and PureVPN.
